

The Episcopal Diocese of Pennsylvania

**Addiction Recovery
Advocates Networks**

The Problem

Attachment disorders disrupt and destroy lives, families, and communities. And stresses inherent to humanity—aggravated by modern culture, have ignited toxic thinking, compulsive behaviors, and addictions.

These attachment disorders isolate us from our better nature and God's grace.

Our Goal

The Addiction Recovery Advocates Networks ("ARAN") acts as the conduit between the Diocese and the many recovery resources.

Our Solution

Give clergy and laity, who are facing the mounting consequences of inordinate attachments, a tool they can use to act as that conduit.

We offer clergy & laity a
sustainable, crowd-
sourced, and web-based
resource archive solution.

We List Over 200 Resources
